

CENTURY DESIGN INC.

CE COMPLIANT

CD-6830 Auto-Weigh Module

FROM CONCEPT TO COMPLETION

Highlights

- Weighs golf shafts or blanks with accuracy of ± 0.05 gram
- Programmable upper and lower weight limits
- Removes out-of-tolerance shafts from the production flow and sorts them into underweight and overweight bins
- Processing speed: under 5 seconds per shaft/over 12 shafts per minute
- Accepts shafts from standard Century Design automated feeder equipment
- Feeds in-tolerance shafts onward for further processing or automated testing
- Output signals available to activate alarms or shut down production equipment
- RS-232C data port for connection to Statistical Process control monitoring systems
